PROPHETIC HIGHLIGHTS

Holy greetings! For around thirty years, we have been the recipient of a very special message. In that message lies God's plan for our nation. Yet, it was in the same number of years that we struggled so much. It was a season in time when almost all our Asian neighbors were rising in their economies while ours were falling. It literally pushed our people outside of our land to seek for job opportunities to ensure that families will survive. It was a time of massive separation from the motherland. It was a huge movement of Filipinos migrating from the Philippines to nations of the world. It was our own Filipino diaspora. Yet, though it looks bleak it was also the beginning of something big. Something that no mind will be able to fully comprehend nor imagine. It seems to signal the start of what the prophets have declared for a long time now. It appears to be the start of the much-awaited time ...

TIME OF FULFILLMENT

The prophets declared that there is an appointed time for God's plans to be fulfilled. A time when the people will rise from their dire situation. It is now clear! The very diaspora that we thought as the sorriest plight of our people turned out to be the most dynamic advance of our faith. It has become the biggest movement of Christianity throughout the world. This phenomenon had set in place millions of our own to almost all nations. Millions who profess in their hearts that Jesus is Lord and the only hope of mankind. Millions who even though they went out as overseas workers, are searching for their heavenly purpose. All that is needed now is to make them know their special calling and role in this end time plan of GOD. It is that very thing that drives us to work hard in training these missionaries, not just those who are already abroad but those also who are still here in the country and are preparing for their own journey of faith. That is what the Global Filipino Dream seminar aims for.

LOOKING AHEAD

We see churches responding to the call of GOD to "go and make disciples of all nations." They will go for they will discover their own special place in God's wonderful plan. I pray that this seminar will turn out as His instrument of revelation for the called and the chosen of your church.

ABOUT THE TRAINERS

WHAT ARE THEIR MINISTRY EXPERIENCES?

All our trainers are actual mission practitioners. They won't be teaching from the book. They are missionaries who have been to several nations and have a clear understanding of what it means to be out there in the battlefield carrying the name of the Lord.

WHERE WILL THEY BE COMING FROM?

We have trainers/mobilizers from various locations of the Philippines. Though they are still limited in number, we are fast preparing more so that we would have the capability to send someone residing close to your church.

WILL THE TRAINER BRING SOMEONE WITH HIM/HER?

The trainer may opt to bring an assistant to help in handling the projection system, assist in the distribution of materials and certificates etc ... The additional person won't be an expense item to the church.

WILL THEY REQUIRE SOME SPECIAL ARRANGEMENTS?

NO. There is no demand of any kind of special treatment that our trainers will require. They are all servants of GOD tasked to empower the churches and assist the people of GOD in their attempt to advance the kingdom of GOD here on earth.

ANY EXPECTATIONS THE TRAINERS HAVE FROM THE CHURCH?

YES ...

1. They would like to be treated as a member of the church and not as an outsider.
2. They would love to see participants eager and willing to learn about missions.
3. They would prefer to see a mix background - from age, sex, economic and educational level. Global mission is open to all.
4. They would prefer that someone pray for the training event.
5. They would truly appreciate to hear a more generous serving of compliments than criticisms. Loving pointers on their mistakes are, of course, very welcome. All they want is to see a church blessed and on fire for the mission topic that they will try to unload to the church. They would certainly like to go home happy and feeling blessed as well.
